

## **CMMS-DIF Overview**

There are currently four efforts ongoing with regard to the CMMS-DIF. All of these are currently works in progress. Comments on each follow:

CMMS-DIF Concepts – An attempt to create simple, yet useful definitions of CMMS concepts. This is attached as “Concepts.doc”.

CMMS-DIF Physical Formats – A prototype definition is attached as “FHFlatFl.doc”

CMMS-DIF Logical Data Model – An in-process view of this effort is included as “UC-DIF7.er1”

CMMS-DIF Representations – An attempt to create exhaustive definitions of CMMS concepts. This is currently being revised and is the least current of the four efforts. This is included as “CMMSREPR.doc”
